

# Shopping

On the west end of town there are even more shopping opportunities. At the intersection of Highway 152 and I St there is a large shopping center that features a major grocery store, La Esperanza; a theater, banking services, JC Penney and restaurants that include both fast food and sit-down dining. The U.S. Fish and Wildlife office is also currently located in this shopping center.

A little further down you will find Lowe's and Target that anchor shopping centers on the south side of Highway 152. You will find restaurants, banking, pet supplies, clothing and beauty supply. The Wal-Mart center is adjacent to these shopping centers and offers fast-food restaurants, a shoe store and Radio Shack.

A growing retail area of town is Mercey Springs - or High-

way 165. Pinnacle Shopping Center has an emergency health clinic, a theater, nail salon, insurance services and a food business. There is also a convenience store and gas station a little further north.

The Downtown district begins at the intersection of Highway 152 and 6th Street.

This encompasses several blocks with the majority of retail operations being on 6th St., J St., K St. and I St. You will also find restaurants, bars, banking, beauty salons, a grocery store, the Post Office and assorted services.

It is also in the Downtown area that you will find one of our local newspapers, The Los Banos Enterprise,

the Chamber of Commerce office, City Hall, a school and our local court system. As with other retail areas in our town, parking is free and it is easy to access any of our businesses.
